# Dance Entry Level Teaching Assessment (DELTA)

DELTA Conceptual Framework: Domains of Knowledge & PCK Skill Clusters

omain # I: Cor	e Dance Processes (Aligned to NCCAS Artistic Processes:
	ming, Responding & Connecting)
PCK Skills Clu	
	ning Dance as an Intentional, Expressive Art Form (guiding principles):
1	Dynamics, Spatial Relationships, Rhythm, Phrasing, and Musicality
2.	
۷.	alignment; motor learning practices)
3	Rehearsal Strategies
3. 4.	
т.	kinetic awareness, kinesthetic awareness, movement awareness, embodied
	practice, body sensing)
5.	Dance Science (applied anatomy & kinesiology; injury prevention & care;
0.	nutrition, health & wellness)
6.	Improvisation as Embodied Movement Exploration
0.	Improvisation as Embodied Movement Exploration
PCK Skills Clu	ster 1B:
Chorec	<b>ography</b> (exploring, planning, revising):
	Planning, Creating, Revising and Refining Dances
	Choreographic Devices, Structures, Forms, Tools & Strategies (e.g., chance,
	equivalence, using a score, body map, inversion, repetition, retrograde, decay,
	ABA & rondo)
3.	Movement Invention, Manipulation & Refinement
4.	Traditions & Innovations in Artistic, Choreographic & Creative processes
5.	Sources of Inspiration
6.	Incorporation of Experience from Diverse Cultures and Time Periods
PCK Skills Clu	ster 1C·
	ted Approaches to Historical, Cultural & Contemporary Dance Studies:
	Dance & Dance Education History
	Rituals & Customs expressed in and through Dance
	Dance in Society & Culture
	Contexts and Origins of Dance Movement, Styles & Theories
PCK Skills Clu	ster 1D:
Dance	Language, Literacy & Critical Analysis:
	Dance Vocabulary & Elements of Dance
	Dance & Educational Terminology
	Writing & Oral Communication Skills Reflecting Comprehension, Interpretation
3.	and Critical Analysis in Dance
3.	
3. 4.	Documentation (including film and video, digital capture & notation and motif
	Documentation (including film and video, digital capture & notation and motif writing)
	Documentation (including film and video, digital capture & notation and motif

# Domain # 2: Teaching and Learning

#### PCK Skills Cluster 2A:

# Pedagogical Theory & Practice:

- 1. Ethical Reasoning & Action
- 2. Curriculum Design & Instructional Planning
- 3. Pedagogical Reflection & Developmentally Appropriate Pedagogy
- 4. Classroom Culture & Classroom Management
- 5. Differentiation of Instruction
- 6. Intentional Organization of Instructional Groups
- 7. Knowledge/Method of how Dance Relates, Informs, Connects & Transfers to Other Subjects & Disciplines
- 8. Teaching Methods & Methodology
- 9. Teaching and Learning Theories

# PCK Skills Cluster 2B:

#### Knowledge of the Learner:

- 1. Knowledge & Application of Human and Artistic Development (e.g., motor, physical, cognitive, social & emotional development)
- Planning Appropriate Learning Experiences; Recognizing Student Perspectives, Student Strengths, Prior Knowledge, Learning Preferences, Gaps and Misconceptions
- 3. Identifying Diverse Learning Styles (to adapt instruction)
- 4. Knowledge of Sequential Instruction (to maximize student learning within the scope of the standards)
- 5. Knowledge and Use of Developmentally Appropriate and Culturally Responsive Instruction
- 6. Knowledge of Ways Students' Interests, Learning Preferences, Development and Cultures Influence Learning
- Knowledge of Exceptional & Special Needs Students (for example, but not limited to exceptional, gifted, differently-abled, and English Language Learners (ELL))

# PCK Skills Cluster 2C:

#### Assessment Literacy, Evaluation & Reflective Practice:

#### Part 1: Assessment Tools

- 1. Formative and Summative Assessment Methodology
- 2. Outcomes-Based Evaluation and Data Driven Decision-Making to Inform Allocation of Instructional Time & Focus
- 3. Criterion-Referenced Assessment (including Rubrics as Diagnostic Tools)
- 4. Critique Methodology and Assessment for Performance & Production
- 5. Portfolio Assessment
- 6. Adaptive/Learner Differentiated Assessment
- 7. Peer/Peer and Peer/Teacher Observation & Feedback
- 8. Self-Evaluation and Goal Setting for Teachers and Students

#### Part 2: Teacher Reflection

- 1. Self-Evaluation and Goal Setting
- 2. Teacher Portfolios
- 3. Programmatic Evaluation

<ul> <li>computer/laptop/tablet, projection systems, video camera etc.)</li> <li>3. Instructional Resources (music, props, print, and web-based support materia</li> <li>4.
